

Chicken Feathers

Feather-flapping fun by one of the best-loved storytellers of our time. A talking chicken! Josh knows it sounds ridiculous, but that's just what Semolina is. And she's not just a talking chicken ... she's a spirited, sarcastic, sassytalking chicken. And with Josh's mom in the hospital about to give birth to his sister, Josh needs Semolina more than ever, even if she will only talk in front of him. But when Semolina tells him that a fox is sneaking into the hen house at night, can Josh get his dad to believe in Semolina before it's too late? *Chicken Feathers* introduces one of children's literature's most original, endearing new characters to peck her way onto the page. In the tradition of *Charlotte's Web*, here is a book full of tender moments, sparkling humor, and classic black-and-white illustrations.
