

The Grand Piano: Part 7

Literary Nonfiction. Biography and Memoir. Part Seven in the ongoing series of collective autobiography, THE GRAND PIANO PART SEVEN continues to mark the events, movements and intersections among ten contributing 1970s Language poets. THE GRAND PIANO is itself a veering off and an investigation and a playing or experimenting with the materials of language, history, textuality, and temporality, the personal and political, poetry and community....There is an abundance to linger over in THE GRAND PIANO even as and perhaps because of the large gaps and contradictions--Robin Tremblay-McGaw. Part Seven contains a great deal on music (from jazz to the Doors to the Sex Pistols), and touches on a diversity of other topics, including Poets Theater, Stendhal, AIDS, and the origins of the New Sentence. It also features a Timeline of Book Publications Significant for the Grand Piano, 1965-1985.
