

B-52 Stratofortress (Military Aircraft, Set 2)

This title explores the development and use of the B-52 Stratofortress. Readers will follow the history of this long-range, heavy bomber and learn about its military and performance specifications. Features such as its bombing navigational computer and terrain computer, and its Electro-Optical Viewing System and GPS are detailed. Readers will learn about its weapon systems including the aircraft's mixture of bombs and air-launched cruise missiles, machine guns, cannon, advanced electronic systems, and terrain-avoidance radar. Readers will discover the aircraft's operational use in the Vietnam War and the Persian Gulf War. The Big Ugly Fat Fellow's eight engines are covered, as are the achievements and future of this important aircraft. A&D Xtreme is an imprint of ABDO Publishing Company.
