

The rainforest is home to millions of plant and animal species. Some animals live high up in the trees, some crawl across the forest floor, and some tunnel underground, but they all depend on one another and the rain to survive. With colorful illustrations and fascinating diagrams from author-illustrator Kate Duke, *In the Rainforest* is a lively look at the most vibrant ecosystem on our planet. This is a Stage 2 Lets-Read-and-Find-Out Science book, which means the book explores more challenging concepts for children in the primary grades and supports the Common Core Learning Standards and Next Generation Science Standards. Lets-Read-and-Find-Out Science is the winner of the American Association for the Advancement of Science/Subaru Science Books & Films Prize for Outstanding Science Series.
