

## Bedtime Bunnies

Its always somebodys bedtime, somewhere in the world. In this book its bedtime for five little rabbits. They come in from outdoors, have a snack, brush their teeth, take a bath, put on nightclothes, and listen to a story before being tucked in for the night. Outside, we see snowflakes falling. In the bunnies home, all is warmth and coziness and playfulness and love. Four words per spread narrate the evening routine, and delightfully soft and spirited illustrations take readers into the bunnies world. Young children who have this book as a bedtime companion are lucky indeed, especially if their own getting-ready-for-bed rituals are as familiar and tender as those of the five bunnies.
