

This Amazon Best Book of the Year is the perfect holiday, Valentines Day—or any day—board book for little hands and flippers! Learn the days of the week and share a hug with a mom you love! When you're a mama penguin with lots (and lots) of little ones to take care of, the days can melt together in a blur. Monday: swimming lessons. Tuesday: sliding. Wednesday: waddling. And on and on. Mama loves her babies so much. Do they know, she wonders, just how much? As it turns out, they do--because they love her just as much! And to show it, they surprise her with a thoughtful gesture of their own on Sunday. In her companion to *Baby Penguins Everywhere!* Melissa Guion offers another adorable book, perfect for teaching the days of the week and for sharing between moms and their little ones. Praise for *Baby Penguins Love Their Mama*: Guion's ... illustrations perfectly accompany the text. The babies are full of personality, while the expression on Mamas face ranges from good-natured patience to a look during Saturday squawking that will be familiar to parents and teachers everywhere. Elementary schools and public libraries should add this lovely confection to their collections.—*School Library Journal* [C]ute and heartfelt, it will be much appreciated on Mother's Day. A sweet book with broad appeal.—*Booklist*
