Wormwood, read here by Robert Powell, follows the exceptional success of GP Taylor's bestselling first book, Shadowmancer. Leafing through it one night, he reads a mysterious inscription in the margin: Wormwood ...the bright star shall fall from the sky ...and many will die from its bitterness. Deciphering this prophecy could prove the key to saving London from a catastrophic fate. But there are others interested in the Nemorensis too - for more sinister reasons. Blake and his serving maid Agetta Lamian soon become enmeshed in a web of sorcery, as agents of both good and evil battle to possess the book and gain its power. They will face great danger, and must decide who to trust - for the wrong decision could cost them their souls...
