

Daring Greatly: How the Courage to Be Vulnerable Transforms the Way We Live, Love, Parent, and Lead

Researcher and thought leader Dr. Brené Brown offers a powerful new vision in *Daring Greatly*, the #1 New York Times Bestseller and TED talk hit that encourages us to embrace vulnerability and imperfection, to live wholeheartedly and courageously. Every time we are introduced to someone new, try to be creative, or start a difficult conversation, we take a risk. We feel uncertain and exposed. We feel vulnerable. Most of us try to fight those feelings - we strive to appear perfect. But in a powerful new vision Dr. Brené Brown challenges everything we think we know about vulnerability, and dispels the widely accepted myth that it's a weakness. She argues that vulnerability is in fact a strength, and when we shut ourselves off from revealing our true selves we grow distanced from the things that bring purpose and meaning to our lives. *Daring Greatly* is the culmination of 12 years of groundbreaking social research, across the home, relationships, work, and parenting. It is an invitation to be courageous; to show up and let ourselves be seen, even when there are no guarantees. This is vulnerability. This is daring greatly. Brilliantly insightful. I can't stop thinking about this book. Gretchen Rubin: A wonderful book. I couldn't put it down.
