

Too Many Frogs! [Modern Gem]

Rabbit lives alone. He cooks for himself, cleans up for himself, and at the end of the day, reads himself a story. It's a simple life, and he likes it. But one evening, Froggie shows up at his door. He wants to listen to Rabbit's story, too. While eating a snack-or three. While lounging on a pillow-or ten. And bringing over his family-dozens and dozens of frogs! Rabbit has finally had enough; Froggie will have to go! But when he sits down alone to read himself a story, Rabbit realizes something is missing: someone to listen; someone to share a wonderful story. Keith Graves' boisterous, humor-filled artwork lends just the right touch to this multilayered tale that celebrates the joy of reading aloud.
