

High Stakes & Dangerous Men - The UFO Story

UFO are one of heavy rocks most influential groups, admired by Metallica, Iron Maiden, Pearl Jam and Slash from Guns N Roses, amongst others. Albums like Lights Out, Obsession and Strangers In The Night have all achieved classic status. The list of musicians who have passed through their ranks reads like a Who's Who of rock: Pete Way (God bless him), Michael Schenker, Larry Wallis, Bernie Marsden, Paul Chapman, Billy Sheehan, Jason Bonham, Aynsley Dunbar and more, have all done time in one of the most enduring, and endearing, bands. Using extensive research and first hand interviews, top metal writer Neil Daniels traces UFO's history from their space rock roots in 1969 through to the present day, as the band, with original member Phil Mogg, just keep on rocking. The book contains a wealth of anecdotes about a group renowned for partying as hard as they rock and doing nothing by halves. High Stakes & Dangerous Men includes a foreword by the American broadcaster and author Eddie Trunk and an afterword by British rock journalist Peter Makowski.

High Stakes & Dangerous Men The UFO Story - Neil Daniels Books Editorial Reviews. Review. UFO's music is simply timeless, and to me they have created the greatest melodic hard rock ever.
