

Your Bodys Heroes and Villains: Microexplorers : Learning Aobut Immune Cells : The Tiny Defenders That Safeguard Our Lives Against Nasty Bacteria and Viruses (Microexplorers Series)

Continuing Barrons Microexplorers series, readers watch as viruses of a common head cold invade a human body and as bacteria cells invade the body through a small wound. These are the bodys villains, but they are fought off and finally overcome by hero antibodies-- produced by our bodies to protect us from harmful microscopic invaders. Full-color illustrations.
