

# Lets Go Outside!: A workbook of plants, animals, and the outdoors

How do plants use chlorophyll? What is the water cycle? Where is Yellowstone National Park? This wide-ranging workbook answers all of these and many more earth science questions. This workbook promotes:

- Data collection
- Life science
- Observation skills
- Reading comprehension
- Vocabulary building

Learn the secrets of photosynthesis, clouds, germination, and more. Includes coloring pages, simple science experiments, journals, and matching games. Fun themes: flowers, bugs, animals, and outdoor exploration. A certificate of completion ends each section. Perforated pages for easy removal. Education.com workbooks offer thematic content to actively engage children and provide them with fun-filled, memorable learning experiences. Written by teachers and based on subjects educators consider important, these workbooks have been tested by millions of educators and countless hours of classroom use: 1 in 4 U.S. teachers rely on Education.com material.
