

MBA 2.0: Things You Wont Learn in Business School (Best Business Books Book 1)

Do you need to keep up with the major shifts and constant changes occurring in the business world? Would you like to understand and apply modern business practices to increase your level success? Do you want your business to be flexible and able to adapt to new opportunities? If you answered yes to any of these questions, then MBA 2.0 might be exactly what youve been looking for. MBA 2.0 is a response to the noticeable lack of coherent material discussing the recent changes in the landscape of modern business. There may be a wealth of information available, provided you know where to look, but rarely is it compiled in a concise, accessible, and comprehensive format that covers every vital aspect of todays modern business practices. MBA 2.0 approaches the business world through the experience and wisdom of todays most significant thought leaders and is revealed in a cutting edge perspective not found in similar texts. It has eliminated the unnecessary material that fills the pages of many expert guides in exchange for a streamlined explanation of the material you need to elevate your business in todays market. In MBA 2.0 you will explore and learn more about: Workplace Psychology Cultivating entrepreneurial spirit Building and sustaining motivation Time management strategies Personal development techniques The psychological underpinnings of Human Capital Management Career Development strategies Dealing with and positively utilizing failure How to move ideas from the drawing board to reality How business has changed and how it will continue to develop in the future Various case studies that examine successful business adaptations An outline of the emerging new paradigm of business behavior Mega-shifts, and subsequent changes in standards and practices An outline of the changes to the organizational structure of

businesses A rundown of the qualities in the new leadership model An introduction to strategic thinking in a business and market context An introduction to the changes occurring in the field of marketing An analysis of the social media customer, and how to appeal to this new marketing target The value of creation, and how to apply it across all levels of the sales process How to be an effective salesman in the digital world An introduction to budgeting, and how budgets will change in the new economy What is Disruptive Innovation, and how you can deal with it How to use Disruptive Innovation to your advantage A guide for how to cultivate a culture of constant innovation The challenge of becoming a truly innovative company Issues and opportunities associated with hyper-connectivity Noticing the change, and seizing it using weak signals Becoming the source of the change, and sending your own weak signals The importance of perpetual learning and strategies for achieving it Techniques for promoting constant improvement within your company How to effectively leverage new technology to drive sales A rundown of potential issues facing businesses in the future
