

Meet the Planets

Soar into the Solar System to witness the first Favorite Planet Competition, emceed by none other than the former-ninth planet, now known as dwarf planet Pluto. The readers become the judges after the sun can't pick a favorite and the meteors leave for a shower. Who will the lucky winning planet be? Could it be speedy-messenger Mercury, light-on-his-feet Saturn, or smoking-hot Venus? Readers learn all about each planet as Pluto announces them with short, tongue-in-cheek facts. Children will spend hours searching the art for all the references to famous scientists and people of history, space technology, constellations, art, and classic literature. Teacher's Choice Award for the Family 6 pg For Creative Minds educational section in the back 56 pg cross-curricular Teaching Activities and 3 Interactive Quizzes available free on the book's homepage eBooks with Auto-Flip, Auto-Read and selectable English and Spanish text and audio Aligned to State Standards / Lexile, Guided Reading, AR, Reading Counts, and Fountas & Pinnell

Meet the Planets by John McGranaghan, Laurie Allen Klein Depending on who you ask, there are eight or nine planets in our solar system - some experts still count Pluto, while the International Meet the Planets - Kindle edition by John McGranaghan, Laurie - 21 sec - Uploaded by lindsayMeet the Planets. lindsay.
