

## The Boggart and the Monster (Aladdin Fantasy)

Hes back -- and up to his old tricks! Its been two years since Emily and Jess Volnik visited ancient Castle Keep in Scotland and made the acquaintance of the Boggart, a mischievous shape-shifting spirit who has lived in the castle for centuries. Now theyve returned for another Scottish adventure, joining their old friend Tommy and Mr. Maconochie, the new owner of Castle keep, on a trip to Loch Ness, where a new expedition is determined to find the fabled monster. Of course, the fun-loving Boggart comes along for the ride, and wherever the Bogart goes, things are bound to get lively. But this time the Boggart has a serious mission. His cousin Nessie is trapped in the monster shape he assumed long ago, and its up to the Boggart to keep Nessie from being discovered by the expeditions high-tech equipment. Is modern science any match for the Boggarts ancient magic?
