

The Friendship: Wordsworth & Coleridge

In Adam Sisman's previous book, the award-winning *Boswell's Presumptuous Task*, he inventively recounted the making of the most distinguished biography in the English language, James Boswell's *Life of Johnson*. Now, with *The Friendship*, Sisman details the relationship of two of the most important Romantic poets, William Wordsworth and Samuel Taylor Coleridge. The first modern biography to consider them together, *The Friendship* is a wonderfully readable account that evokes these two extraordinary personalities and situates them in their time, exploring the influence each writer had on the other, as well as providing glimpses of the creative process itself.

The Friendship: Wordsworth & Coleridge PoemShape About the Book.
